DISTRIBUTOR INSTRUCTIONS:

Before you begin creating a private label, set up a unique product part number(s) for your customer in your system.

- The part number(s) that you assign must be unique to each customer and each product.
- Maximum of 18 characters per distributor part number. Part numbers must be upper case with no spaces. (For example: TH8110CLIMATRON).
- Do not use Honeywell part number(s) for your customer part numbers. We suggest using a variation such as the example above.
- You must use your distributor part number when ordering private label units.

Web Set-Up

FREE SET-UP on all orders placed through customer.honeywell.com

Log on to <http://customer.honeywell.com> using your Distributor Account Number and password* and click on the "Private Label Program" link in the right-hand column of the screen. Click on the "Create New Label" link on the secondary menu bar at the top of the screen.

Step 1: Create a Label

- Select the font type.
- Type in your customer's information exactly as they would like it to appear on their thermostats.
- Preview and submit your label when complete.

Step 2: Part Number Set-Up

- Select the Honeywell thermostat part numbers from the drop-down menu (the description will automatically populate).
- Enter in your customer's unique part number(s).
- Submit for approval and print a copy for your records.
- You will receive approval from Honeywell within 5 days of submittal that part number(s) have been set up and product is available to order.

Step 3: Place Your Order

- Place an order (using your customer's unique part number) **after** receiving both email confirmations from Honeywell that your label and part number(s) have been approved.

* Contact Honeywell customer care with any questions relating to logging onto <http://customer.honeywell.com>.

Fax Set-Up

\$75 SET-UP charge on all orders placed via fax.

Complete the fax order form on the back of this brochure.

Step 1: Create a Label

- Select the font type.
- Print your customer's information exactly as they would like it to appear on their thermostats.

Step 2: Part Number Set-Up

- Enter in your customer's unique part number(s).
- Select your method of payment for the \$75 set-up fee.
- Fax your completed order form to 763-954-5869.
- You will receive approval from Honeywell within 5 days of submittal that part number(s) have been set up and product is available to order.

Step 3: Place Your Order

- Place an order (using your customer's unique part number) **after** receiving both email confirmations from Honeywell that your label and part number(s) have been approved.

ALL PRIVATE LABEL ORDERS REQUIRE A MINIMUM INITIAL ORDER QUANTITY OF 48 UNITS. Mix/match is allowed to reach 48 minimum initial order quantity, but must contain a minimum of 24 units per part number. Orders must be placed in case quantities of 12. Re-order quantity is 24 units (must be of the same part number). Private label orders are non-cancelable.

All private label orders will require a 10 day lead time - from the time submitted label artwork is approved and a purchase order is received from the Wholesaler/Distributor - to the time the private label product is shipped by Honeywell. All private labeled orders will be shipped directly to the Wholesaler/Distributor. Honeywell will not hold any inventory on private labeled product. Any change in the label will be treated as a new label creation and the approval process must be followed in total. Coordination will be required for the transition, including purchasing existing stock of customer parts. All private label requests must conform to the standards set by Honeywell. Honeywell reserves the right to deny any private label request at its own discretion. Any inventory in the channel (in the factory in the warehouse or in transit) is the responsibility of the Wholesaler/Distributor. Honeywell will not be liable for any inventory in the channel. By ordering private labeled products, you are agreeing to the terms stated in this program description. Honeywell reserves the right to change or cancel this program without notice.
