

We are proud to introduce the **industry's first smart phone anemometer!**  
The ABM-100 Airflow Balancing Meter is a compact, yet powerful smartphone accessory specifically adapted for HVAC professionals.

### ABM-100 Features:

- ▶ Provides instant readings & automatically converts airflow to CFM, LFM, CMH, and MPS
- ▶ Plugs into the headset jack and is compatible with all iPhones and major brands of Android phones
- ▶ Records, stores, and emails detailed information for professional report capability
- ▶ Portable device with protective carrying case
- ▶ Great for troubleshooting & system diagnostics
- ▶ No need to bring a calculator or remember formulas

### Reasons to Sell the ABM-100

- ▶ Complimentary Point of Purchase Display included with each initial stocking order (see details on page 3)
- ▶ The ABM-100 Airflow Meter is the first in a series of HVAC smartphone tools we are developing.
  - Also coming this year:
    - Automatic Balancing Valves
    - Automatic Balancing Registers
    - Smartphone Air Pressure Meters
    - Smartphone Air Quality Meters
- ▶ The ABM-100 is the perfect “impulse buy” gadget. Over 25% of the stores that are currently stocking the ABM-100 are selling out of their inventory in their first 1-5 days
- ▶ We will drive incremental business to your locations directly from our apps and website
