Lyric™ Wi-Fi Connected Platform
**OFFER YOUR CUSTOMERS
THE CONVENIENT
CONTROL THEY DESIRE**

Comfort. Savings. Life. Perfectly in Tune.

The Lyric family of products allows you to offer customers the ability to simplify home comfort, security and awareness by controlling home products with a single app. Individually, each product performs brilliantly. Together, they're a way to orchestrate life. Available on iOS and Android™ devices.

True Connectivity. True Convenience.

The Lyric connected platform begins with products that deliver comfort, energy savings and peace of mind. But the connectivity doesn't stop there. Compatibility with Apple® HomeKit™ and Samsung® SmartThings™ lets users control a wide range of connected products ranging from lights to garage doors.

Apple HomeKit users can also adjust settings with Siri® voice control, and Apple Watch® users can view and adjust temperature, fan settings, and more right from their wrists.

LYRIC ROUND™ WI-FI THERMOSTAT SECOND GENERATION

- Easy installation and setup right at the thermostat or through the Lyric app.
- Works with Apple HomeKit and Samsung SmartThings to deliver an even greater connected home experience.
- Control from anywhere by smartphone or tablet.
- Location-based temperature control uses your customer's smartphone location to adjust the settings to save energy when they're away and help make them comfortable upon arrival.
- Maintains comfort by considering indoor and outdoor temperature and humidity.
- Sends homeowners maintenance notifications and alerts about extreme conditions to help maintain efficiency and extend the life of HVAC equipment.
- Create custom shortcuts for more predictable life events.
- At-a-glance weather outlook helps homeowners plan their day.

LYRIC WI-FI WATER LEAK AND FREEZE DETECTOR

- The average water leak causes \$7,000 in damage,* which can easily be prevented.
- Detects temperatures that could freeze pipes and humidity that could damage valuables.
- Notifies of a water leak while it's measured in drops.
- No wiring — battery operated for easy installation and maintenance.
- Device is reusable even after detecting an incident.
- Now also available as a 4-pack for ultimate home protection.

*American Insurance Association

THE CONNECTED HOME MADE SIMPLE AND EASY
