Part Number: 70320

Description: 5/8" Gauge Glass Valve

Packaging: Boxed

Includes:

- 2 - 5/8" ID gauge glass valves
- 2 - Protection rods

A superior design in that they feature a 90 degree quick open close valve. Both valves are identical taking the guess work out of which one goes on the top or bottom. Easy access "clean out" plugs make maintenance a breeze. They also feature teflon seals and a brass body ball valve.

Part Number: 70322

Description: Packing nut kit

Packaging: Boxed

Includes:

- 2 - 5/8" ID gauge glass packing nuts (58PN)
- 2 - 5/8" ID gauge glass washers (GGW58-12 or GGW58-100)
- 2 - 5/8" ID gauge glass friction rings (58BW-12)

This kit includes everything you need to repair leaking valves in the field. If you only need an individual item in bulk specify the part numbers in parenthesis.
