FC40R Return Grille Media Air Filter

The Return Grille Filter provides high efficiency, long life alternative to a 1" filter. It captures a significant amount of the airborne particles in the air that circulates through the filter.

- Mounts in most return filter grilles
- Pleated for greater media capacity
- Low pressure drop provides a comfortable air flow
- Maintains equipment efficiency longer than standard filters
- Type of Air Cleaner: Media Air Cleaner
- Application: Return Filter

C8600 Carbon Monoxide Alarm

Residential Carbon Monoxide Alarm with the most reliable detection technology available.

- The only biotechnology-based infrared-gas sensor that mimics the human response to carbon monoxide
- Detects low levels of carbon monoxide (70 parts per million)
- Detects toxic CO gas resulting from incomplete combustion such as emitted from appliances, furnaces, fireplaces and auto exhaust
- Quick recovery-rapidly returns to its original state when carbon monoxide is eliminated from the environment
- Every unit is 100% gas-tested to ensure accuracy
- Microprocessor intelligence-self tests every 10 minutes
- Easy to install-no wiring, battery operation lets you locate the unit almost anywhere
- Supervises sensor and alarm circuit status to ensure protection
- Low-battery warning chirp and LED flashes

Residential Air Cleaner Replacement Media Filter

Replacement expandable media filters with MERV 10 performance and low pressure drop.

- High filtration efficiency
- Low pressure drop
- Easy to install
- Long life
- UL listed
- Type of Air Cleaner: Media
- Application: Replacement Filter
- Minimum Efficiency Reporting Value: MERV 10
