

# XANTUS PRODUCTS

## Introducing The Xantus Products Injector Line Up

Super concentrated

Compatible with all refrigerant (except ammonia)

Clear viewing tube

No need to pump down units

One time use

From humble beginnings to industry leading. We set out with one goal, to lead the industry with the highest quality sealant at the best possible price. We are leading the way with our revolutionary sealant and drying formulas. Join the inject revolution, contact a Xantus representative today!

**MAXIMUM DYE XL4 INJECT**  
**UP TO 5 TONS**  
Item # 23-201

**DYE TO THE MAX**

- Maximum Dye in an inject-hose format
- Helps locate A/C leaks
- 3 pack
- Concentrated
- Reinforced clear hose
- Easy product viewing

*The smart choice for our Earth!*

- Compatible with mineral, pag, & ester oils (excluding ammonia)
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

**XANTUS PRODUCTS**  
0.3 net wt. oz.

**MAXIMUM DRY XL4 INJECT**  
**UP TO 5 TONS**  
Item # 20-103

**DRY TO THE MAX**

- Maximum Dry in an inject-hose format
- Eliminates moisture
- Prevents corrosion
- Concentrated
- Reinforced clear hose
- Easy product viewing
- Dries the A/C System

*The smart choice for our Earth!*

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

**XANTUS PRODUCTS**  
0.1 net wt. oz.

**MAXIMUM SEAL XL4 INJECT**  
**1.5-5 TONS**  
Item # 20-101

*over 2,300,000 LEAKS SEALED!*

**SEAL TO THE MAX**

- Maximum Seal in an inject-hose format
- Permanently repairs leaks
- A/C Sealant
- Reinforced clear hose
- Concentrated
- Easy product viewing

*The smart choice for our Earth!*

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

**XANTUS PRODUCTS**  
0.1 net wt. oz.

**MAXIMUM SEAL XL4 INJECT**  
**FRACTIONAL - 1.5 TONS FOR SMALLER SYSTEMS**  
Item # 20-105

*over 2,300,000 LEAKS SEALED!*

**SEAL TO THE MAX**

- Maximum Seal in an inject-hose format
- Permanently repairs leaks
- A/C Sealant
- Reinforced clear hose
- Concentrated
- Easy product viewing

*The smart choice for our Earth!*

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

**XANTUS PRODUCTS**  
0.1 net wt. oz.

**MAX AIR ENHANCER XL4 INJECT**  
**UP TO 5 TONS**  
Item # 23-101

**ENHANCE TO THE MAX**

- Maximum Air Enhancer in an inject-hose format
- A/C performance booster
- Reduces mechanical friction up to 1500%
- Concentrated
- Reinforced clear hose
- Easy product viewing

*The smart choice for our Earth!*

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

**XANTUS PRODUCTS**  
0.1 net wt. oz.

# Connect and Inject

## *Xantus* **Maximum Seal XL4 Direct Inject**

- Unlike most other products on the market, ours travels with the gas, which makes it faster, and more effective at finding leaks
- Our Inject will permanently seal small holes located in the A/C condenser, evaporator, fittings, and metal line sets

**For Use In:**  
*heat pumps  
 split and mini-split units  
 packaged units  
 microchannel coils  
 coolers  
 commercial units*

MAXIMUM SEAL XL4 INJECT

**1.5-5 TONS**

over 2,300,000 LEAKS SEAL ED!

Item # 20-101

**SEAL TO THE MAX**

- Maximum Seal in an inject-hose format
- Permanently repairs leaks
- A/C Sealant
- Reinforced clear hose
- Concentrated
- Easy product viewing

The smart choice for your world!

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

XANTUS PRODUCTS

0.1 net wt. oz.

MAXIMUM SEAL XL4 INJECT

**FRACTIONAL - 1.5 TONS FOR SMALLER SYSTEMS**

over 2,300,000 LEAKS SEAL ED!

Item # 20-105

**SEAL TO THE MAX**

- Maximum Seal in an inject-hose format
- Permanently repairs leaks
- A/C Sealant
- Reinforced clear hose
- Concentrated
- Easy product viewing

The smart choice for your world!

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

XANTUS PRODUCTS

0.1 net wt. oz.

MAXIMUM DRY XL4 INJECT

**UP TO 5 TONS**

Item # 20-103

**DRY TO THE MAX**

- Maximum Dry in an inject-hose format
- Eliminates moisture
- Prevents corrosion
- Concentrated
- Reinforced clear hose
- Easy product viewing
- Dries the A/C System

The smart choice for your world!

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

XANTUS PRODUCTS

0.1 net wt. oz.

## *Xantus* **Maximum Dry XL4 Direct Inject**

- Converts the moisture in the A/C system into a synthetic oil that mixes with the oil already in the system
- Prevents acid build up and compressor corrosion
- Far less expensive than removing moisture through mechanical evacuation

**For Use In:**  
*heat pumps  
 split and mini-split units  
 packaged units  
 microchannel coils*

MAX AIR ENHANCER XL4 INJECT

UP TO 5 TONS

Item # 23-101

ENHANCE  
TO THE  
MAX

- Maximum Air Enhancer in an inject-hose format
- A/C performance booster
- Reduces mechanical friction up to 1500%
- Concentrated
- Reinforced clear hose
- Easy product viewing

- Compatible with all refrigerants, excluding ammonia
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

XANTUS  
PRODUCTS

0.1 net wt. oz.

**Xantus**

**Max Air Enhancer XL4 Direct Inject**

- Enhance cooling properties of new and old A/C and refrigeration systems
- Reduces mechanical friction up to 1500%
- Removes the insulating buildup of oil and forms a conductive layer to improve heat transfer

**For Use In:**

**heat pumps  
split and mini-split units  
packaged units  
microchannel coils  
coolers  
commercial units**

MAXIMUM DYE XL4 INJECT

UP TO 5 TONS

Item # 23-201

DYE TO THE  
MAX

- Maximum Dye in an inject-hose format
- Helps locate A/C leaks
- 3 pack
- Concentrated
- Reinforced clear hose
- Easy product viewing

- Compatible with mineral, pag, & ester oils (excluding ammonia)
- System pump-down not required on R-410A systems
- One Time Use
- Patent Pending

XANTUS  
PRODUCTS

0.3 net wt. oz.

**Xantus  
Maximum Dye XL4 Direct Inject**

- Compatible with mineral, pag, or ester oils
- Highly concentrated fluorescent yellow dye
- In most cases, the dye is visible to the naked eye
- Comes in packs of 3
